

Research Strategic Planning Faculty Town Hall Meetings

Let's discuss the future of research in our Department –
from bedside to basic science and back to the people we serve

- **Tuesday, April 30, 10:30-11:30 am (EPNEC Seminar Room A)**
- **Monday, May 20, 2:00-3:00 pm (EPNEC Seminar Room A)**
- **Thursday, May 23, 12:00-1:00 pm (EPNEC Seminar Room B)**

Discussions led by:

Brad Evanoff, MD
Richard A. and Elizabeth Henby Sutter
Professor of Occupational, Industrial,
and Environmental Medicine in Medicine
Chief, Division of General Medical Sciences

Wayne Yokoyama, MD
Sam and Audrey Loew Levin
Professor of Medicine
Division of Rheumatology

An initial structure of a DOM Research Strategic Plan was outlined by work groups led by Brad Evanoff and Wayne Yokoyama. This is a work-in-progress. Faculty input is critical to further develop department plans for basic, translational and clinical research.

WE NEED TO HEAR YOUR OPINIONS – whether you are a full-time clinician or a full-time researcher. All faculty are, in some manner, involved with the Department's large research program.

Please attend and provide your input
